## Stay Financially Fit This Year With These Member Benefits!

### Protect your Sea Air FCU Credit Card by adding it to your Mobile Wallet!

When you add your Sea Air FCU Credit Card to your mobile wallet (Apple Pay, Google Pay, or Samsung Pay), every single contactless payment transaction is encrypted, which means the card number is never shared with the merchant. Your full card number isn't displayed anywhere in a mobile wallet either, so prying eyes won't be able to capture your card number for future use. Plus, mobile wallets make the check out process even faster and more secure with an extra layer of protection by requiring your PIN, fingerprint, or face recognition.

Wondering how you can set it up? All you have to do is download the correct app for your specific smartphone and add in your card information!
